EVOLUTION SERIES

FORGE YOUR OWN PATH TO PROFITABILITY

ML MARK ANDY

ML PRINT PRODUCTS  ROTOFLEX

Evolve as Your Application Needs Grow.

Adaptability you need to succeed.

Evolution Series E5 is a simple-to-operate platform powered by proven Mark Andy Performance Series engineering and technology, providing converters a scalable solution that meets their needs today with a path forward for future adaptability tomorrow.

Why choose Evolution Series?

-  **Agile**
Superior Flexibility.
-  **Lean & Green**
Reduces Material & Ink Waste.
-  **Smart Business**
Redefines Profitability.
-  **Simple**
Rapid & Repeatable Settings.
-  **Precise**
Consistent Print Quality Management.

E5 Options to Maximize Print Potential

The Mark Andy Evolution Series is unique in design due to its versatility in scalability. Just as its name suggests, this press is engineered with evolution in mind, built for label production and capable to grow through retrofittable options as your book of business evolves.

- 1 Film Capable**
Build your press to your specifications now, or in the future.
- 2 Load & Lock Inking**
Simple and swift for any operator, regardless of skill level.
- 3 QCDC/QCDC SR**
Full and semi-rotary die-cutting for peak efficiency.

Evolution Series was configured as a modular platform which allows you to expand your offer and possibilities accordingly to the highest quality depending on the market needs.

Quality

With precise independent inking and impression, robust die cutting options and precision tension control, reliable high-quality label and film production comes standard with Evolution Series E5.

Profitability

Demonstrated registration performance, tangible waste savings and less material ensures a substantial impact to your bottom line.

Productivity

Fast changeovers for print and die stations carry through from the Performance Series to the Evolution Series, reducing downtime and increasing daily capacity limits.

Support

With the largest global service team in the industry, you are supported by Mark Andy to succeed. Beyond technical assistance, we offer our partners business development consulting, application expertise, and all the parts and consumables needed from a true Total Solutions Partner.

Scalable Full-Servo **Flexo Solutions.**
